

Statewide Symposium in Regenerative Medicine Workshop

Location:

Arizona State University
Tempe, Arizona

Dates:

Wednesday May 15 – Friday May 17, 2019

This 3-day workshop is to provide hands-on training in the culture and manipulation of pluripotent stem cells for researchers at the senior undergraduate, graduate, post-doctoral or scientist/faculty level. There are a limited number of slots and selection will be determined by the symposium planning committee. There is no fee to attend the workshop. Travel costs, meals, and lodging will be covered for selected participants. Applications must be received by April 1st. Applicants will be notified by April 15, 2019 regarding final selection. Upon selection, attendees will be provided additional information regarding accommodations.

Use the Workshop button to submit your application at:
